11th Feb. 1916 Letter from Dr. E. O'Sullivan
 re inquiry as to Child reported at last meeting
 5th inst James Brogan Sullymagrena that
 died on the way to the Fev. Hospital
 Dr. O'Sullivan stated he saw the child on Saturday
 morning, 29th ult. about 8. Am. & found him suffering
 from Diphtheria which had extended into the
 Larynx and injected him with serum and advised
 his parents to send him to Hospital immediately and
 gave the following reasons viz. The child was in a very
 bad way on account of difficulty of breathing
 and the only possible chance for his recovery
 was to have him removed immediately and have an
 operation performed to relieve his breathing, his
 removal to hospital did not endanger his life
 as he would have died at home before arrangements
 could be made to operate on him. I explained the
 danger of his dying on the way to Hospital to
 his father, he said he would accept the
 responsibility otherwise he would have referred
 him a certificate, as there were other children
 in the house, one an infant under 1 year.
 there was no way of isolating the patient at home and
 therefore the risk to the other children was very great
 and especially to the infant as the mother was attending both
 The house could not be disinfected while the patient was
 in it and thus the others were exposed to the danger of
 infection. in order to facilitate the Child's immediate
 removal. I brought a message with me on my car
 to go to the R. O for an order for the Ambulance.
 I also called with the Ambulance driver and
 told him to start immediately so that no time should
 be lost in waiting for a message from R. O

5

Dr. O'Sullivan drew the Guardians attention to the hardship and the risk run to patients in removing to Hospital or Infirmary in the ambulances at present in use, they are antiquated & on bad roads cause needless suffering to the patients, he would suggest that four wheeled ambulances fitted with rubber tyres and a folding stretch for each procured

Minute. Explanation of Dr. O'Sullivan considered satisfactory under the circumstances re ambulances. we are of opinion that ambulances in use are most suitable as the roads in our district four wheeled ambulances would be of no service

Complaint was made re wordsman & wordsmaid leaving the institution without ^{the} permission of the Nurses.

Minute. The wordsman & wordsmaid to not quit the Infirmary without the written authority of Medical Officer or Nurses in charge. Also to not leave the Institution except on a Sunday afternoon when the Nurses are satisfied their services can be done without for a short time, also no office to leave the institution without entering their names in the Porter's book.

11-2-16 Letter from ⁷ Dr. Sullivan of Aunt Charles St
 stating that he is unable to procure
 ointment boxes from medicine contractors for
 over 12 months also bottles
 If in the Contractor he requested to supply
 ointment boxes also bottles as we are
 informed. Medical Officers have no
 difficulty in obtaining ointment
 boxes & bottles from other firms for their
 own private patients
